

This outfit was easy to make. The fringe pieces are 4" long, Cut a bit of card board about 4 1/2 inches long [11cm] and wrap it a few times then cut one edge. Do this several times then tie the fringes and cut more as needed. When they are all tied, trim them evenly. I had the shirt sewn for me but have lost the seamstress's name, unfortunately. The hat came from the on-line AG store. Her string tie is yarn chain stitched and pinned with a lonely turquoise and silver earring from my jewelry box.
