

Tyler's woven mini skirt and top

Designed by Hazel Spencer

About dk weight hand spun.
Hazel Rose Looms Tiny Weaver Set

I wove two squares, doubling on the nails as needed to make a dense weave.
One tri, doubled likewise.

To make skirt:

Sew two squares into a tube. Pick up loops around the top with #2 dps. With my yarn I picked up 32 loops.

Knit 1, purl1 ribbing for four rows.
Cast off.

To make top:

I picked up 22 loops on the hypotenuse of the tri and worked k1, p1 ribbing for four rows. Cast off.

Slip stitch into edge of ribbing and make tie chain 6" long on each side.

Fold tip of tri down about 1 inch and tack into place.

Make a chain about 7 inches long and thread one end through the loop formed by the turned down tip. slip stitch ends together.

Neck loop will go over head and side ties thread through it and tie in a bow.
